

October 1st, 2021

To whom it may concern,

As the handling editor responsible for managing the Environmental Toxicology and Chemistry review process of the AOP Report entitled “Uncoupling of Oxidative Phosphorylation Leading to Growth Inhibition via Decreased Cell Proliferation” (AOP 263), I hereby declare that the review process was carried out following the principles in the OECD guidance for the scientific review of AOPs (OECD, 2021).

Sincerely,

Dr. Dries Knapen
